

Productivity. Innovation. Talent.
IT starts here.

“Top software developers are more productive than average software developers not by a factor of 10x or 100x or even 1000x, but by 10,000x.”

Nathan Myhrvold

Former Chief Scientist, Microsoft

“Those who build great companies understand that the ultimate throttle on growth for any great company is not markets, or technology, or competition, or products. It’s one thing above all others: the ability to get and keep the right people.”

Jim Collins

Best selling author *Good to Great*

WELCOME TO INDOSYS

An IT Staff Augmentation & Consulting Firm founded by IT executives

Indosys is a trusted staffing partner helping to drive productivity and innovation at some of the world's most successful businesses. We specialize in the placement of IT professionals across various markets including Technology, Communications, Financial Services, Life Sciences & Healthcare, Aerospace & Defense, and Government.

The Indosys Difference

We're IT people

Everyone on our team has an IT background. We believe a technical background is essential to understanding our clients' needs and our candidates' skills and interests.

We focus on driving innovation

Whether we're providing experts with specialized skills to lead new initiatives or proven support staff to free your key players, Indosys will provide the resources you need to drive innovation.

We play by the rules

In our highly competitive industry, there are many organizations that take short-cuts, we are not one of them.

We live the "Good to Great" philosophy

Great companies significantly emphasize the importance of finding the right talent. At Indosys, we look for "A" players—those select individuals who produce greater output, contribute greater insight and consistently deliver greater results.

PRODUCTIVITY. INNOVATION.

We make IT happen.

Indosys supplies:

- “A” talent for R&D and strategic technology initiatives
- Well-qualified technical expertise to free your key people
- Experienced developers to shorten learning curves
- Extra resources to expand your capacity
- People who can offer fresh insights and diverse perspectives
